INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Operation Care Jackson, California

I have audited the accompanying financial statements of Operation Care (a nonprofit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Operation Care as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

I have previously audited the Operation Care's 2020 financial statements, and I expressed an unmodified opinion on those audited financial statements in my report dated December 18, 2020. In my opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated December 1, 2021, on my consideration of Operation Care's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Operation Care's internal control over financial reporting and compliance.

Cathy Castillo

Certified Public Accountant

Sutter Creek, California December 1, 2021

NOTE 1 - ORGANIZATION AND PURPOSE

Operation Care is a non-profit organization established in 1980 to provide services to people in crisis in Amador County, California. These services include advocacy, education and support for victims of domestic violence and sexual assault. The Organization also operates a safe house for victims of domestic violence. The Organization provided education, services and shelter to approximately 247 people this year.

The Organization accepts donations of clothing and household items for their Care Closet. These items are given to shelter occupants and other program participants, at no cost, to provide them with items needed for personal care and living necessities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of Operation Care have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. This method reflects revenues and expenses in the accounts in the period in which they are considered to have been earned and incurred, respectively. Any unearned revenue is reflected as deferred revenue and reported as a current liability. Net assets are classified based on the existence or absence of donor-imposed restrictions.

B. Basis of Presentation

The Organization reports its information regarding financial position and activities using classes which are based on donor-imposed restrictions. Accordingly, net assets and changes are classified as follows:

With Donor Restrictions. Resources that are subject to donor- imposed restrictions. Some restrictions are temporary in nature, such as those restricted for a particular purpose or in a particular future period. Other restrictions are perpetual in nature; such as those that are restricted by a donor that the resources be maintained in perpetuity.

Without Donor Restrictions. Resources that are not subject to donor-imposed stipulations. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the organization, the environment in which it operates, the purpose specified in the organizational documents and its tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into during the course of operations.

The governing board may designate net assets without donor restrictions.

When a donor's restriction is satisfied, either by using the resources in the manner specified or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

C. Accounts Receivable- Grants

Accounts receivable consists of grant funding reimbursements from the California Office of Emergency Services. Receivables are stated at the balance invoiced for reimbursements. Operation Care recognizes bad debts using the allowance method. Management believes all accounts receivable will be fully collected and therefore no allowance has been made.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Advertising

Advertising costs are charged to operations when incurred. Advertising costs for the year ended June 30, 2021 was \$47,217. In addition, the Organization had \$536 donated in advertising which is included in in-kind contributions (see Note 10).

E. Cash and Cash Equivalents

Cash and other highly liquid investments with original maturities of three months or less are considered to be cash equivalents. The Organization's cash and cash equivalents include cash held in checking, savings and petty cash.

F. Comparative Financial Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2020, from which the summarized information was derived. Certain amounts may have been restated to conform with current year's presentation.

G. Contributions

Operation Care has followed the guidance of ASU 2018-08 which clarifies contributions received. All contributions are recognized as revenue when they are unconditionally communicated. Contributions are recorded at fair value as support without donor restrictions, or support with donor restrictions. When a restriction expires, either when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and is reported in the statement of activities as net assets released from restriction. If the donor's restrictions are satisfied in the same period the contribution is received, the contribution is reported as unrestricted support.

H. Deposits

The deposit reflects the security deposit on the office space lease reflected in Note 7 of the financial statements

I. Functional Expenses

All program and support service expenses have been summarized on a functional basis in these financial statements and are based on actual cost when available. Indirect expenses include advertising, dues and subscriptions, insurance, professional fees, and utilities and telephone are allocated between programs and services using salaries, number of clients served, time, usage, or benefit, whichever is appropriate, by line item.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Fundraisers

Operation Care typically holds special fundraising events throughout the year, however due to COVID-19, regular fundraising events were cancelled. For the year ended June 30, 2021, gross fundraising income from one special event was \$718 and direct fundraising costs incurred for a separate fundraising activity was \$1,221, for a net loss from fundraising activities, with expenses exceeding the fundraising income in the amount of \$503. Fundraising income and participation by the public was substantially lower from prior years due to the COVID-19 pandemic.

K. Income Taxes

Operation Care is a not-for-profit tax-exempt organization under the Internal Revenue Code Section 501(c) (3) and by the California Franchise Tax Board under Section 23701(d). It is not considered a private foundation under Internal Revenue Code and has no unrelated business income; accordingly, there is no provision for income taxes in these financial statements.

The organization has followed the guidance of ASC 740, *Accounting for Income Taxes* which prescribes the threshold of more likely than not for recognition and derecognition of tax positions taken or expected to be taken in a tax return. Management believes that all of the positions taken by the Organization in its federal and state income tax returns are more likely than not to be sustained upon examination. The Organization's tax returns are subject to examination by the Internal Revenue Service and the California Franchise Tax Board, generally for three years and four years, respectively, after they are filed.

L. New Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842), which supersedes existing guidance for accounting for leases under Topic 840 Leases. The FASB also subsequently issued the following additional ASUs, which amend and clarify Topic 842: ASU 2018-01, Land Easement Practical Expedient for Transition to Topic 842; ASU 2018-10 Codification Improvements to Topic 842 Leases; ASU 2018-11, Leases (Topic 842): Targeted Improvements; ASU 2018-20, Narrow-scope Improvements for Lessors; and ASU 2019-01, Leases (Topic 842): Codification Improvements. The most significant change in the new leasing guidance is the requirement to recognize right-to-use (ROU) assets and lease liabilities for operating leases on the statement of financial position.

The Organization elected to adopt these ASUs effective July 1, 2020 and utilized all of the available practical expedients. The most significant impact was the recognition of ROU assets and lease liabilities for operating leases. The accounting for finance leases remained substantially unchanged. Adoption of the standard required the Organization to restate amounts as of July 1, 2020. The operating leases described in Note 8 resulted in an increase in operating lease ROU assets of \$183,779, an increase in current lease liabilities of \$63,579 and long-term lease liabilities of \$120,200.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

M. Correction of Error -

As a result of the ASU 2016-02 and the review of current leases, the Organization discovered that the office space lease from G and M McIntyre includes a discount, which should have been recorded as an unconditional promise to give, at the net present value, as described in Note 7 of the financial statements. This misstatement resulted in an understatement of other assets and net assets with donor restrictions for the 2020 fiscal year. Accordingly, the Organization restated its results for fiscal year 2020. The effect of the restatement was to increase the change in net assets with donor restrictions for fiscal year 2020 by \$47,044

The effect of the restatement on the change in net assets with donor restrictions and financial position as of and for the years ended June 30, 2021 and June 30, 2020 are

Restated	6/3 As p	FYE 0/2020 reviously eported		 FYE 30/2020 estated
Statement of Activities:			_	
Unconditional promise to give	\$	-		\$ 47,044
Change in net assets		87,806		134,850
Statement of Financial Position:				
Unconditional promise to give -net	\$	-		\$ 47,044
Net assets with donor restrictions		33,732		80,776

N. Pending Accounting Pronouncements-

In September 2020, the FASB issued ASU 2020-07, Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. ASU 2020-07 clarified the presentation and disclosures of nonfinancial assets such as contributions, donations, gifts or grants. Non-financial assets include land, buildings, use of facilities, materials and supplies, intangible assets, and services. The Corporation has not determined the financial impact of the statement.

O. Prepaid Expenses

Prepaid balances are for payments made by Operation Care in the current year to provide for services occurring in the subsequent year.

P. Property and Equipment

Fixed assets are recorded at cost. Major renewals and improvements are capitalized while replacements, maintenance and repairs, which do not materially extend the useful lives of the assets, are expensed. It is the Organization's current policy to capitalize expenditures for these items in excess of \$5,000. Upon sale or retirement of property and equipment, the cost

and related accumulated depreciation are eliminated from the respective accounts and the resulting gain or loss is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and Equipment-continued

Property and equipment are being depreciated using the straight-line method over their estimated useful lives of five to thirty years. Depreciation expense for the year ended June 30, 2021 was \$22,785.

P. Revenue

Operation Care receives various federal, state, local and private grants. The largest grant funding is through the California Office of Emergency Services to support its major programs. These grants are paid through the reimbursement of allowable expenses, which are submitted monthly.

In 2021, Operation Care received a \$35,000 grant from Sutter Amador Hospital to support its Go Youth Program. As of June 30, 2021, \$11,691 has been used. The remainder is included in the Net Assets with Donor Restrictions.

Operation Care recognizes contributions when cash, securities, or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. Operation Care's federal and state contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expenses.

Q. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 3 - CASH AND CASH EQUIVALENTS

The Organization's cash balances as of June 30, 2021 consisted of the following:

	<u>2021</u>
Petty cash	\$ 700
American River Bank general checking	57,803
BBVA Compass	1,400
Total Cash and Cash Equivalents	\$ 59,903

The Organization maintains cash balances at several high-quality financial institutions. These accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000. At no time during the year did deposits exceed the Federal Deposit Insurance amount.

NOTE 4- LIQUIDITY AND RESERVES

Operation Care has a policy to manage its liquidity and reserves using the following principles: managing cash flows, reserves, risk, and to optimize investment returns within acceptable risk parameters. The following table reflects the organization's financial assets (cash and cash equivalents and investments) as of June 30, 2021, reduced by amounts not available for general expenditures within one year.

	\$	103,991
Net assets with donor restrictions		(54,498)
Less:		
	***************************************	158,489
Prepaid expenses		2,942
Grants receivable		95,644
Cash and cash equivalents	\$	59,903
Financial Assets at 06/30/21		

NOTE 5 - COMPENSATED ABSENCES

Operation Care provides eligible staff with paid time off ("PTO") which is a combination of vacation, sick leave or any other paid time off. PTO is a liability and an expense in the year earned. Employees accrue PTO based on the number of hours worked each week and length of time employed by Operation Care. Accrued time is paid to employees at the rate of pay in effect when the time is used. PTO is payable in full upon termination of employment.

NOTE 6 - LINE OF CREDIT AND LONG-TERM DEBT

Operation Care maintains a \$50,000 Line of Credit with American River Bank, secured by real property owned by the Organization, which is renewed annually. Amounts borrowed under this agreement bear interest at the Bank's index rate, currently 5.25%. At June 30, 2021, there was no outstanding balance.

NOTE 7 - UNCONDITIONAL PROMISE TO GIVE

In 2019 the Organization signed a five-year lease amendment for office space at 817 Court Street, Suite 12 and Suite 3 in Jackson, California, which will expire on March 31, 2024. The annual amount of Fair Market Value (FMV) rent paid to the lessor is \$84,135. The difference between the FMV of the rent and the annual contractual payment per the lease agreement represents the unconditional promise to give.

The net realizable value of the unconditional promise to give is detailed below:

Unconditional promise to give-face amount	\$	38,975
Discount-effective interestrate of 5.25%		(4,761)
Unconditional promise to give- net	\$	34,214
was a survival and a	-	- 1,

NOTE 8 - OPERATING LEASES

The Organization leases certain office space and equipment. The Organization assesses whether an arrangement qualifies as a lease (i.e., conveys the right to control the use of an identified asset for a period of time in exchange for consideration) at inception and only reassesses its determination if the terms and conditions of the arrangement are changed.

Operation Care has an operating lease for a copier, that is payable monthly and a separate monthly charge which is based on usage. This lease contains a renewal option that can extend the lease term from one to five years, and requires the Organization to pay all executory costs such as taxes, maintenance, and insurance.

The Organization also leases the following office/storage spaces:

- Operation Care signed a five-year lease amendment for office space at 817 Court St., Suite 12 and 3 in Jackson, California which will expire on March 31, 2024. The lease has a base rent of \$5,793 per month, which is approximately 20% below the FMV for this office space. See Note 7 for the discounted rent-unconditional promise to give.
- Operation Care also has various month-to-month leases for storage spaces.

Lease expenses for office/storage space for the year ended June 30, 2021 was \$73,300.

Lease Term and Discount Rate

Operating lease right of use assets and operating lease liabilities have been reported. (See Note 2- L).

The implicit borrowing rate for the copier lease is 26.4 %. As the office space lease does not provide an implicit rate, the Organization uses its incremental borrowing rate of 5.25%.

6/30/2021

Weighted Average Remaining Lease Term

Operating Leases 2.875 years

Weighted Average Discount Rate

Operating Leases 5.850%

Future minimum lease payments under operating leases that have remaining terms in excess of one year as of June 30, 2021 are:

Year Ending June 30:	Equipment	Offi	ce Space
2022	2,256		69,519
2023	2,256		69,519
2024	2,256		52,140
Total Future Minimum Lease Payments	\$ 6,768	\$	191,178

NOTE 9 - NON-CASH (IN-KIND) CONTRIBUTIONS

During the year ended June 30, 2021, the following in-kind contributions were received by the Organization:

	į	<u> 2,021</u>
Grant revenue-in-kind contributions:		
Advertising	\$	535
Labor		10,224
Rent		1,772
Total grant revenue in-kind contributions	\$	12,531

Donated services are recognized as contributions for those services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization.

In-kind rent is determined by the difference between the fair market value of rent versus rent being charged to the Organization on their administrative offices.

NOTE 10- RETIREMENT PLAN

Operation Care sponsors a salary reduction contribution plan pursuant to Section 403(b) of the Internal Revenue Code, covering all employees. Under the plan, employees may contribute a specified percentage or their salary, or a fixed dollar amount according to a salary reduction agreement. The organization may agree to make "nonelective" contributions to their employees' 403(b) plans. There were no "nonelective" contributions made by the organization during the year.

NOTE 11 - RISK FINANCING

The Organization is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. There were no significant reductions in insurance coverage from coverage in the prior years.

NOTE 12 - CURRENT VULNERABILITY DUE TO CERTAIN CONCENTRATIONS

Approximately 90% of the Organization's grant revenue is provided from grants received from the California Office of Emergency Services. As such, the activities of Operation Care are subject to administrative directives, rules, and regulations of the grantor agencies. Such administrative directives, rules, and regulations are subject to change, and as such changes may occur with little notice and inadequate funding to implement the changes. Any change could have a direct and material impact on the ability of Operation Care to carry out its activities.

NOTE 13 -NONCOMPLIANCE WITH GRANTOR RESTRICTIONS

Various state and local agencies have the authority to audit the books and records of Operation Care as they pertain to the grants and contracts they have awarded. As a result of these potential audits, some grants or contract costs could be disallowed which would create a liability for the Organization.

NOTE 14- SUBSEQUENT EVENTS

The Organization has evaluated subsequent events through December 1, 2021 the date the financial statements were available to be issued, and determined the following to be significant:

Operation Care's operations may be affected by the recent and ongoing outbreak of the coronavirus disease (COVID-19) which was declared a pandemic by the World Health Organization in March 2020. The ongoing disruption, which has been caused by the outbreak, is uncertain: however, the Organization is continuing certain programs and other operations as an essential service. Possible effects may include, but are not limited to, disruption to the company's programs, including cancellation of fundraising activities, and increased costs of operations. However, at the current time, the Organization is unable to quantify monetary effects of this pandemic on future financial statements.

Due to cash flow delays caused by the California Office of Emergency Services (Cal-OES), the Organization took \$45,000 in advances from their Line of Credit account. This amount has been paid off as of the report date.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Operation Care

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Operation Care (a nonprofit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 1, 2021.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, we considered Operation Care's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Operation Care's internal control. Accordingly, I do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses as item 2021-01 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Operation Care's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The

results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Operation Care's Response to Findings

Operation Caros response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The organization's response was not subject to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on it

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Operation Care SCHEDULE OF FINDINGS AND RESPONSES June 30, 2021

2021-01 MATERIAL WEAKNESS

CRITERIA

All Promises to Give, whether unconditional or restricted, must be reported on the statement of net position. The Promise to Give must be reported in the statement of activities. Contributions are recorded at net present value at time of recognition.

CONDITION

During our review of leases, it came to our attention that Operation Care was receiving discounted rent that was detailed in an amendment to the office space lease. The amount of the discounted rent was not reflected in the monthly financial statements as in-kind rent, nor was the total discounted rent recognized as an unconditional promise to give.

CAUSE

The unconditional promise to give was not cash, leading to an oversight in the recording of the discounted rent. During this year, due to COVID, grant requirements for reporting in-kind donation matches were waived, so the usual recording procedures were not performed.

CONTEXT AND EFFECT

Operation Care has not previously received a multi-year promise to give. The written discount of the lease was an unusual transaction and the financial director, board members, executive director and key personnel were not familiar with the proper recording. As a result, the discounted value of the promise to give was not recognized in the financial statements.

RECOMMENDATION

Management should implement policies that address accounting procedures for unusual transactions, non-recurring activity and those transactions that may or may not involve the receipt of cash. These controls should also ensure that contributions are recorded at their fair value at the time of the initial recognition, and that non-cash contributions that meet the criteria for recognition are recorded.

RESPONSE

Operation Care will be implementing an accounting policy that will detail how unusual or non-recurring transactions, cash and in-kind, are handled. We will consult with accounting professionals who can provide guidance on how to properly record these transactions in the financial statements.

Communication with Those Charged with Governance at the Conclusion of the Audit

December 1, 2021

Board of Trustees Operation Care 817 Court Street, Suite 12 Jackson, California

We have audited the financial statements of Operation Care for the year ended June 30, 2021 and we will issue our report thereon dated December 1, 2021. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 1, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Operation Care are described in Note 2 to the financial statements. As described in Note 2-L of the financial statements, the Organization changed accounting policies related to the presentation of the financial statements by adopting FASB Accounting Standards Update (ASU) No. 2016-02, *Leases*. in the fiscal year ending June 30, 2021. Accordingly, the accounting change noted has been retrospectively applied to prior periods presented as if the policy has always been used. No transactions entered into by the Organization during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events.

Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the depreciation expense is based on the straight-line method of depreciating assets over the estimated useful lives of those assets.

Management's estimate of employee PTO (paid-time-off) is based on the eligible employee's accrued PTO hours multiplied by their individual rate of pay.

Management's estimate of the Right of Use Asset is based on the Net Present Value of the asset. The discount rate used to determine the Net Present Value is based on the current Line of Credit interest rate.

Management's estimate of the Unconditional Promise to Give is based on the difference between the estimated Fair Market Value of office space rent per square foot and actual office rent paid per square foot. The discount rate used to estimate the current in-kind value of the contribution was based on the Organization's estimated incremental borrowing rate of 5.25%.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

We proposed adjustments to the financial statements consisting of the following misstatements detected as a result of audit procedures and corrected by management:

- Current year depreciation expense
- Record Right of Use on Leases
- Adjustment to compensated absences (PTO) to estimated year-end balance
- Record non-cash donations and related in-kind expense
- Record unconditional promise to give

Disagreements with Management.

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 1, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Organization's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Non- cash Donations

All in-kind donations must be reported on the financial statements, even if not required by a grant. Examples of this would be significant non-cash items such as advertising, counseling services, donated rent and specialized labor.

Vacation Accruals

All employees that are eligible for paid time off need to be included in the PTO end of year balance computation. Vacation policies should be applied to all eligible employees to meet non-discriminatory requirements for these benefits. We noted during our review of PTO that vacation hours for Bruce Platt were not being accrued.

Credit Card Expense Accruals

June credit card charges, even though paid and reported on July credit card statements, should be recorded as vendor payables at year end if incurred, in order to include these expenses in June grant reimbursement requests.

Insurance Coverage

During our review of liability insurance policies, we noted that 500 S. Broadway was listed as the Operation Care office. Insurance policies should be reviewed and updated as necessary, but at least annually for coverage of current operations and assets.

Changes to Accounting Principle and New Accounting Pronouncements

Periodically, the Financial Accounting Standards Board (FASB) issues changes and updates to accounting standards which may impact the reporting by the organization.

This year with the adoption of ASU 2016-02, Leases, the following has changed:

- All long-term leases, whether financing or operating, must be reported on the Statement of Financial Position.
- Right of use assets and related liabilities for operating leases have been included on the Statement of Financial Position.
- The Lease disclosure has been updated and reflects the right of use asset.

For the financial statements ending June 30, 2022

Clarification on the reporting and disclosure of contributed nonfinancial assets.

Adjusting Journal Entries

The adjusting journal entries have been given to Bruce Platt which are necessary to bring the organization's books into agreement with the audit. All adjustments have been recorded.

This information is intended solely for the use of the Board of Trustees and, if appropriate, the management of Operation Care and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours

Cathy Castillo, CPA
